ANNUAL MEETING OF STOCKHOLDERS

To Be Held September 13, 2007

PROXY STATEMENT

The Board of Directors (the "Board") of RBC Bearings Incorporated (the "Company") is soliciting proxies from its stockholders to be used at the annual meeting of stockholders to be held on Thursday, September 13, 2007, beginning at 9:00 a.m., local time, at The Crowne Plaza, 1284 Strongtown Road, Southbury, CT 06488, and at any postponements or adjournments thereof. This proxy statement contains information related to the annual meeting. This proxy statement, a proxy card and the Company's Annual Report on Form 10-K for the fiscal year ended March 31, 2007 are being mailed to stockholders on or about August 6, 2007. The fiscal year ended March 31, 2007 is referred to as "fiscal 2007" in this proxy statement.

Why did I receive these materials?

We are soliciting proxies for the 2007 annual meeting of stockholders. You are receiving a proxy statement because you owned shares of our common stock on July 20, 2007 (the "Record Date"), and that entitles you to vote at the meeting. By use of a proxy, you can vote whether or not you attend the meeting. This proxy statement describes the matters on which we would like you to vote and provides information on those matters so that you can make an informed decision.

The notice of annual meeting, 2007 Annual Report, proxy statement and proxy are being mailed to stockholders on or about August 6, 2007.

What information is contained in this proxy statement?

The information in this proxy statement relates to the proposals to be voted on at the annual meeting, the voting process, our Board and committees thereof, the compensation of directors and executive officers for fiscal 2007 and other information that the Securities and Exchange Commission requires us to provide annually to our stockholders.

How may I obtain RBC Bearings' 10-K and other financial information?

A copy of our 2007 Annual Report, which includes our 2007 Form 10-K, is enclosed and incorporated by reference herein.

Stockholders may request another free copy of our 2007 Annual Report, which includes our 2007 Form 10-K, from:

Corporate Secretary
RBC Bearings Incorporated
One Tribology Center
Oxford, CT 06478

We will also furnish any exhibit to the 2007 Form 10-K if specifically requested. Stockholders may also find other filings with the SEC and corporate governance and other information on the investor relations page of our website at <http://www.rbcbearings.com/investors/index.htm>.

What is the purpose of the annual meeting?

At our annual meeting, stockholders will act upon the matters outlined in the accompanying notice of annual meeting. In addition, management will be available to report on our fiscal 2007 performance and respond to appropriate questions from stockholders.

Who is entitled to vote at the meeting?

Only stockholders of record at the close of business on the Record Date, are entitled to receive notice of and to participate in the annual meeting. If you were a stockholder of record on the Record Date, you will be entitled to vote all of the shares that you held on that date at the meeting, or any postponements or adjournments of the meeting.

How many votes do I have?

You will be entitled to one vote for each outstanding share of RBC Bearings Incorporated common stock you owned as of the Record Date on each matter considered at the meeting. As of July 20, 2007, there were 21,534,386 shares of the Company's common stock outstanding and eligible to vote. There is no cumulative voting.

Who can attend the meeting?

Subject to space availability, all stockholders as of the Record Date, or their duly appointed proxies, may attend the meeting, and each may be accompanied by one guest. Since seating is limited, admission to the meeting will be on a first-come, first-served basis. Registration will begin at 8:00 a.m., and seating will begin at 8:30 a.m. If you attend, please note that you may be asked to present valid picture identification, such as a driver's license or passport. Cameras (including cell phones with photographic capabilities), recording devices and other electronic devices will not be permitted at the meeting.

Please also note that if you hold your shares in "street name" (that is, through a broker, bank or other nominee), you will also need to bring a copy of a brokerage statement reflecting your stock ownership as of the Record Date and check in at the registration desk at the meeting.

Please let us know if you plan to attend the meeting by marking the appropriate box on the enclosed proxy card or, if you vote by telephone or Internet, indicating your plans when prompted.

What constitutes a quorum?

The presence at the meeting, in person or by proxy, of the holders of a majority of the aggregate voting power of the common stock outstanding on the Record Date will constitute a quorum, permitting the conduct of business at the meeting. As of July 20, 2007, 21,534,386 shares of common stock, representing the same number of votes, were outstanding. Thus, based on the July 20, 2007 number, the presence of the holders of common stock representing at least 10,767,194 votes will be required to establish a quorum.

Proxies received but marked as abstentions and broker non-votes will be included in the calculation of the number of votes considered to be present at the meeting.

How do I vote?

If you are a holder of record (that is, your shares are registered in your own name with our transfer agent), you can vote either in person at the annual meeting or by proxy without attending the annual meeting. We urge you to vote by proxy even if you plan to attend the annual meeting so that we will know as soon as possible that enough votes will be present for us to hold the meeting. If you attend the meeting in person, you may vote at the meeting and your

proxy will not be counted. You can vote by proxy by completing, dating and signing the enclosed proxy card and returning it in the enclosed postage-paid envelope.

If you hold your shares in “street name,” you must either direct the bank, broker or other record holder of your shares as to how to vote you shares, or obtain a proxy from the bank, broker or other record holder to vote at the meeting. Please refer to the voter instruction cards used by your bank, broker or other record holder for specific instructions on methods of voting, including by telephone or using the Internet.

Your shares will be voted as you indicate. If you return the proxy card but you do not indicate your voting preferences, then the individuals named on the proxy card will vote your shares in accordance with the recommendations of the Board. The Board and management do not now intend to present any matters at the annual meeting other than those outlined in the notice of the annual meeting. Should any other matter requiring a vote of stockholders arise, stockholders returning the proxy card confer upon the individuals named on the proxy card discretionary authority to vote the shares represented by such proxy on any such other matter in accordance with their best judgment.

Can I change my vote after I return my proxy card?

Yes. If you are a stockholder of record, you may revoke or change your vote at any time before the proxy is exercised by filing with the Secretary of the Company a notice of revocation or a duly executed proxy bearing a later date or by attending the annual meeting and voting in person. For shares you hold beneficially in “street name,” you may change your vote by submitting new voting instructions to your broker, bank or other nominee or, if you have obtained a legal proxy from your broker, bank or other nominee giving you the right to vote your shares, by attending the meeting and voting in person. In either case, the powers of the proxy holders will be suspended if you attend the meeting in person and so request, although attendance at the meeting will not by itself revoke a previously granted proxy.

Who counts the votes?

Votes will be counted and certified by the Inspectors of Election, who are employees of LaSalle Bank N.A., the Company’s transfer agent. If you are a stockholder of record, your signed proxy card is returned directly to LaSalle Bank N.A. for tabulation. If you hold your shares in “street name” through a broker, bank or other nominee, your broker, bank or other nominee will return one proxy card to LaSalle Bank N.A. on behalf of its clients.

What are the Board’s recommendations?

Unless you give other instructions on your proxy card, the persons named as proxy holders on the proxy card will vote in accordance with the recommendations of the Board. The Board’s recommendations are set forth together with the description of each item in this proxy statement. In summary, the Board recommends a vote FOR each of the proposals.

Will stockholders be asked to vote on any other matters?

To the knowledge of the Company and its management, stockholders will vote only on the matters described in this proxy statement. However, if any other matters properly come before the meeting, the

persons named as proxies for stockholders will vote on those matters in the manner they consider appropriate.

What vote is required to approve each item?

Election of Directors. Directors are elected by a plurality of the votes cast at the meeting, which means that the two nominees who receive the highest number of properly executed votes will be elected as directors, even if neither nominee receives a majority of the votes cast. Each share of our common stock is entitled to one vote for each of the director nominees. A properly executed proxy marked “withhold authority”, with respect to the election of one or more directors, will not be voted with respect to the director or directors indicated, although it will be counted for purposes of determining whether there is a quorum.

Approval of Independent Registered Public Accounting Firm. The ratification of the appointment of Ernst & Young LLP to serve as the Company’s independent auditors for fiscal 2008 (Item 2) requires the affirmative vote of the majority of the votes cast.

A properly executed proxy marked “abstain” with respect to any matter will not be voted, although it will be counted for purposes of determining whether there is a quorum. Accordingly, an abstention will have the effect of a negative vote.

Approval of an Amendment to Our 2005 Long Term Incentive Plan to Provide for an Increase in the Number of Authorized Shares to be issued under our 2005 Long Term Incentive Plan. The approval of an amendment to our 2005 Long Term Incentive Plan to provide for the increase in the number of authorized shares to be issued under our 2005 Long Term Incentive Plan from 1,639,170 to 2,239,170 (Item 3) requires the affirmative vote of the majority of the votes cast.

A properly executed proxy marked “abstain” with respect to any matter will not be voted, although it will be counted for purposes of determining whether there is a quorum. Accordingly, an abstention will have the effect of a negative vote.

How are votes counted?

In the election of directors, you may vote “FOR” all or some of the nominees or your vote may be “WITHHELD” with respect to one or more of the nominees. You may not cumulate your votes for the election of directors.

For the other items of business, you may vote “FOR,” “AGAINST” or “ABSTAIN.” If you elect to “ABSTAIN,” the abstention has the same effect as a vote “AGAINST.” If you provide specific instructions with regard to certain items, your shares will be voted as you instruct on such items.

If you hold your shares in “street name” through a broker, bank or other nominee rather than directly in your own name, then your broker, bank or other nominee is considered the stockholder of record, and you are considered the beneficial owner of your shares. The Company has supplied copies of its proxy materials for its 2007 annual meeting of stockholders to the broker, bank or other nominee holding your shares of record, and they have the responsibility to send these proxy materials to you. As the beneficial owner, you have the right to direct your broker, bank or other nominee on how to vote your shares at the annual meeting. The broker, bank or other nominee that is the stockholder of record for your shares is obligated to provide you with a voting instruction card for you to use for this purpose. If you hold your shares in a brokerage account but you fail to return your voting instruction card to your broker, your shares may constitute “broker non-votes.” Generally, broker non-votes occur on a matter when a broker is not permitted to vote on that matter without instructions

from the beneficial owner and instructions are not given. In tabulating the voting result for any particular proposal, shares that constitute broker non-votes are not considered present and entitled to vote on that proposal. If a quorum is present at the annual

meeting, the persons receiving the greatest number of votes will be elected to serve as directors. As a result, broker non-votes will not affect the outcome of the voting on the election of directors (Item 1). The ratification of the appointment of the Company's independent auditors (Item 2) requires the affirmative vote of the majority of the shares of common stock present in person or represented by proxy at the annual meeting and entitled to vote on the proposal. A broker non-vote is treated as not being entitled to vote on the matter and, therefore, is not counted for purposes of determining whether the proposal has been approved. Shares represented by such "broker non-votes" will, however, be counted in determining whether there is a quorum.

If you are a beneficial owner and your broker, bank or other nominee holds your shares in its name, the broker, bank or other nominee is permitted to vote your shares on the election of directors and the ratification of the appointment of Ernst & Young LLP as our independent auditor, even if the broker, bank or other nominee does not receive voting instructions from you.

What should I do if I receive more than one set of voting materials?

You may receive more than one set of voting materials, including multiple copies of this proxy statement and multiple proxy cards or voting instruction cards. For example, if you hold your shares in more than one brokerage account, you may receive a separate voting instruction card for each brokerage account in which you hold shares. If you are a stockholder of record and your shares are registered in more than one name, you will receive more than one proxy card. Please complete, sign, date and return each proxy card and voting instruction card that you receive.

Where can I find the voting results of the annual meeting?

The Company intends to announce the preliminary voting results at the annual meeting and publish the final results in its quarterly report on Form 10-Q for the quarter ending September 29, 2007.

What is the deadline to propose actions for consideration at next year's annual meeting of stockholders?

You may submit proposals for consideration at future stockholder meetings. For a stockholder proposal to be considered for inclusion in our proxy statement for the annual meeting next year, our Corporate Secretary must receive the written proposal at our principal executive offices no later than April 9, 2008. Such proposals also must comply with SEC regulations under Rule 14a-8 regarding the inclusion of stockholder proposals in company-sponsored proxy materials. Proposals should be addressed to:

Corporate Secretary
RBC Bearings Incorporated
One Tribology Center
Oxford, CT 06478

For a stockholder proposal that is not intended to be included in our proxy statement under Rule 14a-8, the stockholder must deliver a proxy statement and form of proxy to holders of a sufficient number of shares of our common stock to approve the proposal and provide the information required by our by-laws and give timely notice to the Corporate Secretary in accordance with our by-laws, which, in general, require that the notice be received by the Corporate Secretary:

- Not less than 60 days prior to the next meeting, and
- Not more than 90 days prior to the next meeting.

In the event that less than 70 days' notice or prior public announcement of the date of the meeting is given or made to stockholders, notice by the stockholder to be timely must be received not later than the

close of business on the 10th day following the date on which such notice of the date of the annual meeting was mailed or such public announcement was made.

How may I recommend or nominate individuals to serve as directors?

You may propose director candidates for consideration by the Board's Nominating and Corporate Governance Committee. Any such recommendations should include the nominee's name and qualifications for Board membership and should be directed to the Corporate Secretary at the address of our principal executive offices set forth above.

In addition, our by-laws permit stockholders to nominate directors for election at an annual stockholder meeting. To nominate a director, a stockholder must deliver timely notice of such stockholder's intent to make such nomination in writing to the Corporate Secretary. To be timely, a stockholder's notice must be delivered to or mailed and received at our principal executive offices not less than 60 nor more than 90 days prior to the date of the first anniversary of the previous year's annual meeting. In the event that the date of the annual meeting is changed by more than 30 days from such anniversary date, notice by the stockholder to be timely must be so received not later than the close of business on the 10th day following the earlier of the day on which notice of the date of the meeting was mailed or public disclosure of the meeting was made. To be in proper form, a stockholder's notice shall set forth (i) as to each person whom the stockholder proposes to nominate for election as a director at such meeting (A) the name, age, business address and residence address of the person, (B) the principal occupation or employment of the person, (C) the class or series and number of shares of capital stock of the Company which are owned beneficially or of record by the person and (D) any other information relating to the person that would be required to be disclosed in a proxy statement or other filings required to be made in connection with solicitations of proxies for election of directors pursuant to Regulation 14A under the Securities Exchange Act of 1934, as amended (the "Exchange Act"); and (ii) as to the stockholder giving the notice (A) the name and record address of such stockholder, (B) the class or series and number of shares of capital stock of the Company which are owned beneficially or of record by such stockholder, (C) a description of all arrangements or understandings between such stockholder and each proposed nominee and any other person or persons (including their

names) pursuant to which the nomination(s) are to be made by such stockholder, (D) a representation that such stockholder intends to appear in person or by proxy at the meeting to nominate the persons named in its notice and (E) any other information relating to such stockholder that would be required to be disclosed in a proxy statement or other filings required to be made in connection with solicitations of proxies for election of directors pursuant to Regulation 14A under the Exchange Act. Such notice must be accompanied by a written consent of each proposed nominee to being named as a nominee and to serve as a director if elected.

How may I obtain a copy of RBC Bearings' by-law provisions regarding stockholder proposals and director nominations?

You may contact the Corporate Secretary at our principal executive offices for a copy of the relevant Bylaw provisions regarding the requirements for making stockholder proposals and nominating director candidates.

Who can help answer my questions?

If you have any questions about the annual meeting or how to vote or revoke your proxy or if you need additional copies of this proxy statement or voting materials, you should contact our proxy solicitor:

PROPOSALS SUBMITTED FOR STOCKHOLDER VOTE

ITEM 1—ELECTION OF DIRECTORS

The Board currently is composed of six directors and is divided into three classes serving staggered three-year terms: Class I consists of William P. Killian who was redesignated as a Class I director by the Board to fill the vacancy created by the passing away of Robert Anderson in October 2006, Class II consists of, Richard R. Crowell and Alan B. Levine and Class III consists of Dr. Michael J. Hartnett, Dr. Thomas J. O'Brien and Dr. Amir Faghri. Class I, Class II and Class III directors will serve until our annual meetings of stockholders in 2009, 2007 and 2008, respectively. Vacancies on the Board may be filled only by persons elected by a majority of the remaining directors. A director elected by the Board to fill a vacancy in a class, including vacancies created by an increase in the number of directors, shall serve for the remainder of the full term of that class, and until the director's successor is duly elected and qualified, or until the director's resignation or removal.

The term of office of the Class II directors expires this year. Mr. Crowell is currently a director of RBC Bearings Incorporated and was appointed to the Board in June 2002. Mr. Levine is currently a director of RBC Bearings Incorporated and was appointed to the Board in October 2005. Our Nominating and Corporate Governance Committee reviewed the qualifications of the nominees for election to this class, and unanimously recommended that such nominees be submitted for re-election to the Board. If elected at the annual meeting, these nominees would serve until the 2010 annual meeting and until their successors are duly elected and qualified, or until the director's resignation or removal.

For a stockholder to nominate an individual for director at the 2007 annual meeting, the stockholder must follow the procedures outlined below under the caption "Stockholder Proposals and Director Nominations for the 2007 Meeting." Stockholders may also nominate a director to be considered by the Board for recommendation to the stockholders in the Company's proxy statement for the 2007 annual meeting by following the procedures outlined below under the caption "Director Nominations to be Considered by the Board."

If you sign your proxy or voting instruction card but do not give instructions with respect to voting for directors, your shares will be voted for the person recommended by the Board. If you wish to give specific instructions with respect to voting for directors, you may do so by indicating your instructions on your proxy or voting instruction card.

If any nominee named herein for election as a director should for any reason become unavailable to serve prior to the annual meeting, the Board will, prior to the annual meeting, (i) reduce the size of the Board to eliminate the position for which that person was nominated, (ii) nominate a new candidate in place of such person and vote in favor of the new candidate all shares represented by stockholder proxies received by the Board, unless authority to vote for all candidates nominated by the Board is withheld, or (iii) leave the place vacant to be filled at a later time. The information presented below for the director nominee and the directors continuing in office has been furnished to the Company by the director nominee and directors.

Information regarding the nominees, as of July 20, 2007 is set forth below, including their age, the period they have served on the Board and the nominee's business experience.

Nominee for Election for a Three-year Term Expiring at Our 2010 Annual Meeting

Richard R. Crowell has been a director since June 2002 and chairman of the Compensation Committee since August 2005. Mr. Crowell is a Partner of Aurora Capital Group, a private equity investment firm. Prior to establishing Aurora in 1991, Mr. Crowell was a Managing Partner of Acadia Partners, a New York-based investment fund. From 1983 to 1987, he was a Managing Director, Corporate Finance for Drexel Burnham Lambert. He serves on the Board of Visitors for the UCLA Anderson School

7

of Management, and Chairs the Board of Trustees for Marymount High School in Los Angeles. Mr. Crowell earned an M.B.A. from UCLA's Anderson School and a B.A. from the University of California, Santa Cruz. Mr. Crowell is 52 years old.

Alan B. Levine has been a director and chairman of our Audit Committee since October 2005. Mr. Levine served as Chief Financial Officer and Director of Virtual Access Networks, Inc. (2001 to 2002) and Chief Financial Officer and Treasurer of Marathon Technologies Corporation (1998 to 2001). He was also a member of the Board of Directors and Audit Committee Chair of MCK Communications before the company's merger in November 2003. Prior to this, Mr. Levine was with Ernst & Young, LLP from 1974 to 1998, and was Partner from 1986 to 1998, where he established and directed an Entrepreneurial Services practice. Today, Mr. Levine leads ABL Associates, a consulting practice dedicated to helping entrepreneurial companies identify and

implement strategic initiatives and manage change. He is also currently Vice President and Chief Financial Officer of the Graduate Management Admission Council. He is also a Director on the Board of Nextera Enterprises, a public company based in Los Angeles, where he serves as Audit Committee Chair. Mr. Levine earned a Bachelor of Arts degree from the University of Vermont. He also holds a Master of Accounting degree from the University of Arizona and was a certified public accountant. Mr. Levine is 63 years old.

The Board recommends a vote *FOR* the election to the board of directors of the nominees listed above.

ITEM 2—THE RATIFICATION OF THE APPOINTMENT OF ERNST & YOUNG LLP AS THE COMPANY’S INDEPENDENT REGISTERED PUBLIC ACCOUNTING FIRM FOR FISCAL 2008

The Audit Committee has appointed Ernst & Young LLP as our independent registered public accounting firm for the fiscal year ending March 29, 2008, and has further directed that the Board submit the selection of Ernst & Young LLP for ratification by the stockholders at the annual meeting. During fiscal year 2007, Ernst & Young LLP served as the Company’s independent registered public accounting firm and also provided certain tax services. See “Principal Accountant Fees and Services” below. This proposal is put before the stockholders because, though the stockholder vote is not binding on the Audit Committee, the Audit Committee and the Board believe that it is good corporate practice to seek stockholder ratification of the Audit Committee’s appointment of the independent auditors. If the appointment of Ernst & Young LLP is not ratified, the Audit Committee will evaluate the basis for the stockholders’ vote when determining whether to continue the firm’s engagement, but may ultimately determine to continue the engagement of the firm or another audit firm without re-submitting the matter to stockholders. Even if the appointment of Ernst & Young LLP is ratified, the Audit Committee may in its sole discretion terminate the engagement of the firm and direct the appointment of another independent auditor at any time during the year if it determines that such an appointment would be in the best interests of our Company and our stockholders. Representatives of Ernst & Young LLP are expected to attend the annual meeting, where they will be available to respond to appropriate questions and, if they desire, to make a statement.

Our Board recommends a vote *FOR* the ratification of the appointment of Ernst & Young LLP as the Company’s independent registered public accounting firm for fiscal year 2008. If the appointment is not ratified, our audit committee will consider whether it should select another independent registered public accounting firm.

Vote Required

Ratification of the appointment of Ernst & Young LLP as the Company’s independent registered public accounting firm for fiscal year 2008 requires the affirmative vote of a majority of the shares of the Company’s common stock present in person or represented by proxy at the annual meeting.

The Board recommends a vote *FOR* the ratification of the appointment of ERNST & YOUNG LLP as the Company’s independent auditors for fiscal 2008.

ITEM 3—INCREASE AUTHORIZED SHARES UNDER THE COMPANY’S 2005 LONG-TERM INCENTIVE PLAN

The Board and the Compensation Committee have determined that it is in the best interest of the Company and its shareholders to amend the Company’s 2005 Long-Term Incentive Plan (the “Plan”) to increase the number of shares of Common Stock available for issuance from 1,639,170 to 2,239,170 (the “Plan Amendment”). The Board and the Compensation Committee have approved the Plan Amendment to be effective as of the date of approval by the Company’s shareholders. The Plan Amendment will not become effective unless shareholder approval is obtained at the annual general meeting of shareholders. The principal features of the Plan are summarized below and are qualified in their entirety by reference to the full text of the Plan. Copies of the Plan are available upon written request from Corporate Secretary, RBC Bearings Incorporated, One Tribology Center, Oxford, CT 06478.

Description of the Plan. We adopted the Plan effective upon the completion of our initial public offering in August 2005. The Plan provides for grants of stock options, stock appreciation rights, restricted stock and performance awards. The purpose of the Plan is to provide our directors, officers and other employees and persons who engage in services for us with incentives to maximize stockholder value and otherwise contribute to our success and to enable us to attract, retain and reward the best available persons for positions of responsibility.

Administration of the Plan. The Plan is administered by our Compensation Committee, which consists solely of two or more “non-employee directors” (as defined in Rule 16b-3 under the Exchange Act). The Compensation Committee may make all decisions and determinations regarding the Plan as it deems necessary or advisable for the administration of the Plan. Our Board also has the authority to administer the Plan and to take all actions that the Compensation Committee is otherwise authorized to take under the Plan. The terms and conditions of each award made under the Plan, including vesting requirements, are set forth consistent with the Plan in a written agreement with the grantee.

Number of Shares. As of July 20, 2007, 1,639,170 shares of our common stock were authorized for issuance under the Plan, subject to adjustment in the event of a reorganization, stock split, merger or similar change in our corporate structure or the outstanding shares of common stock. Of this amount, options for 683,502 shares of common stock were awarded to Dr. Hartnett at the time of our initial public offering in August 2005 at an average price equal to the offering price of \$14.50 per share and the remainder have been reserved for grants to our employees and directors at the discretion of our Compensation Committee. During fiscal 2007 the Company issued an additional 335,500 options for shares of common stock and 75,675 for restricted stock awards. As of July 20, 2007, the 2005 Long-Term Incentive Plan had 531,993 shares of common stock available for issuance pursuant to stock options or other equity awards. We may grant shares of restricted stock to our employees and directors in the future under the Plan. The Board and the Compensation Committee believe that this is not a sufficient number of shares of common stock to accomplish the objectives described above. The addition of 600,000 shares of common stock to the Plan will enable the Company to further promote these objectives. On July 24, 2007, the per share closing price of the common stock was \$41.45 as reported on Nasdaq.

Stock Options. Under the Plan, the Compensation Committee or the Board may award grants of incentive stock options and other non-qualified stock options. The Compensation Committee also has the authority to grant options that will become fully vested and exercisable automatically upon a change in

control. The Compensation Committee may not, however, award to any one person in any calendar year options to purchase common stock equal to more than 10% of the total number of shares authorized under the plan (other than the initial award to Dr. Hartnett discussed above), and it may not award incentive options first exercisable in any calendar year whose underlying shares have a fair market value greater than \$100,000 determined at the time of grant.

The Compensation Committee determines the exercise price and term of any option in its discretion, however, the exercise price may not be less than 100% of the fair market value of a share of common stock on the date of grant. In the case of any incentive stock option, the option must be exercised within 10 years of the date of grant. The exercise price of an incentive option awarded to a person who owns stock constituting more than 10% of our voting power may not be less than 110% of such fair market value on such date and the option must be exercised within five years of the date of grant.

Restricted Stock. Under the Plan, the Compensation Committee may award restricted stock subject to the conditions and restrictions, and for the duration that it determines in its discretion. The Board and the Compensation Committee have resolved that from the total addition of 600,000 shares of common stock to the Plan, none will be used for restricted stock awards.

Stock Appreciation Rights. The Compensation Committee may grant stock appreciation rights, or SARs, subject to the terms and conditions contained in the Plan. Under the Plan, the exercise price of an SAR must equal the fair market value of a share of our common stock on the date the SAR was granted. Upon exercise of a SAR, the grantee will receive an amount in shares of our common stock equal to the difference between the fair market value of a share of common stock on the date of exercise and the exercise price of the SAR, multiplied by the number of shares as to which the SAR is exercised.

Performance Awards. The Compensation Committee may grant performance awards contingent upon achievement by the grantee or by us, of set goals and objectives regarding specified performance criteria, over a specified performance cycle. Awards may include specific dollar-value target awards, performance units, the value of which is established at the time of grant, and/or performance shares, the value of which is equal to the fair market value of a share of common stock on the date of grant. The value of a performance award may be fixed or fluctuate on the basis of specified performance criteria. A performance award may be paid out in cash and/or shares of common stock or other securities.

Eligibility. Our directors, officers and other employees and persons who engage in services for us are eligible for grants under the Plan. As of the date of this Proxy Statement, there are 6 officers, 5 directors other than the CEO who is an officer and a director, and approximately 1,200 employees who are eligible to receive grants under the Plan.

Federal Income Tax Consequences.

The following is a discussion of certain U.S. federal income consequences relevant to participants in the Plan who are subject to federal income tax and the Company. It is not intended to be a complete description of all possible tax consequences with respect to awards granted under the Plan and does not address state, local or foreign tax consequences. Accordingly, holders of awards granted under the Plan should consult their own tax advisers for specific advice with respect to all federal, state or local tax effects before exercising any options or share appreciation rights, and before disposing of any shares of stock acquired pursuant to an award. Moreover, the Company does not represent that the foregoing tax consequences apply to any particular participant's specific circumstances or will continue to apply in the future and makes no undertaking to maintain the tax status (such as an ISO) of any award.

10

Non-Qualified Stock Option. A participant who is granted a non-qualified stock option will not recognize income at the time the option is granted. Upon the exercise of the option, however, the excess, if any, of the market value of the common shares on the date of exercise over the option price will be treated as ordinary income to the participant, and the Company will generally be entitled to an income tax deduction in the same year in an amount measured by the amount of ordinary income taxable to the participant. The participant will be entitled to a cost basis for the common shares for income tax purposes equal to the amount paid for the common shares plus the amount of ordinary income taxable at the time of exercise. Upon a subsequent sale of such common shares, the participant will recognize short-term or long-term capital gain or loss, depending upon his or her holding period for such common shares.

Incentive Stock Options. A participant who is granted an ISO satisfying the requirements of the Tax Code will not recognize income at the time the option is granted and generally will not recognize income upon exercise of the option provided such participant was an employee of the Company or a subsidiary at all times from the date of grant until three months prior to exercise. The excess of the fair market value over the option exercise price is, however, included in determining the participant's alternative minimum tax as of the date of exercise. If the participant does not dispose of shares received upon exercise of the option for one year after exercise and two years after grant of the option (the "Holding Period"), upon the disposition of such shares the participant will recognize long-term capital gain or loss based on the difference between the option exercise price and the fair market value of shares on the date of disposition. In such event, the Company is not entitled to a deduction for income tax purposes in connection with the exercise of the option. If the participant disposes of the shares received upon exercise of the option without satisfying the Holding Period requirement, the participant must generally recognize ordinary income equal to the lesser of (i) the fair market value of the shares at the date of exercise of the option over the exercise price or (ii) the amount realized upon the disposition of such shares over the exercise price. Any further appreciation is taxed as short-term or long-term capital gain, depending on the participant's Holding Period. If the disposition fails to satisfy the Holding Period, the Company would be entitled to an income tax deduction in the same year in an amount measured by the amount of ordinary income taxable to the participant.

Share appreciation rights. A participant will generally not be taxed at the time a SAR is granted nor will the Company receive a tax deduction. Upon exercise of a SAR, a participant will recognize taxable income equal to the fair market value of the shares received on the exercise date. The Company will be entitled to an income tax deduction in the amount of such income recognized by the participant. SAR's that are paid in cash may be subject to taxation at vesting rather than at exercise because the tax treatment of certain SAR's is unsettled under Section 409A of the Tax Code (see the discussion below).

Restricted Shares and Restricted Share Units. A participant will not recognize any income at the time an award of restricted shares or restricted share units is granted, nor will the Company be entitled to a deduction at that time. In the year in which restrictions on the restricted shares lapse, the participant will recognize ordinary income in an amount equal to the excess of the fair market value of the shares on the date of vesting over the amount, if any, the participant paid for the shares. Similarly, upon the vesting of restricted share units, the participant will recognize ordinary income in an amount equal to the fair market value of the shares received. With respect to awards of both restricted shares and restricted share units, the Company will be entitled to a tax deduction at the same time and in the same amount as the participant recognizes income.

Performance Awards. A participant who is awarded performance shares will not recognize income and the Company will not be allowed a deduction at the time that the award is made. When a participant receives payment for performance shares in common shares, the fair market value of the shares received will be ordinary income to the participant. If payment is made in cash, the amount of cash received will be ordinary income to the participant. In either case, the Company will be entitled to a tax deduction in the amount of such income recognized by the participant.

11

Dividend Equivalents. A participant who is awarded dividend equivalents generally will not recognize taxable income, and the Company will not receive a tax deduction, until shares or cash are distributed pursuant to the award. When the participant receives payment for dividend equivalents in common shares or cash, the fair market value of the shares or the amount of cash received will be ordinary income to the participant and the Company will be entitled to a deduction in the amount of such income recognized by the participant.

The Compensation Committee will require payment of any amount it may determine to be necessary to withhold for federal, state, local or other taxes as a result of the grant, vesting or exercise of an award. In compliance with the American Jobs Creation Act of 2004, after January 1, 2005, the maximum federal withholding rate will be used for supplemental wage payments in excess of \$1,000,000 during any taxable year.

Section 409A of the Tax Code. Certain awards under the Plan may be subject to Tax Code Section 409A. Section 409A was added to the Tax Code by the American Jobs Creation Act of 2004. Section 409A generally applies to compensation deferred under a nonqualified deferred compensation plan on or after January 1, 2005. Section 409A imposes new requirements on a participant's election to defer compensation and the participant's selection of the timing and form of distribution of the deferred compensation with respect to certain awards under the Plan. Also, Section 409A generally provides that the distributions must be made on or following the occurrence of certain events (e.g. the participant's "separation from service" (as defined in Section 409A), a predetermined date, or the participant's death). Section 409A imposes restrictions on a participant's ability to change his or her distribution timing or form with respect to awards under the Plan after the compensation has been deferred. For certain participants who are officers of the Company or its subsidiary corporations and who would otherwise receive a distribution upon separation from service, Section 409A requires that such participant's distribution commence no earlier than six months after such officer's "separation from service" (as defined in Section 409A).

Stock options, SAR's that are distributable in shares of Common Stock and restricted stock awards granted under the Plan generally are not considered deferred compensation subject to Section 409A. Restricted share unit awards and other awards may be subject to Section 409A, depending on the terms of the award. The Company intends that awards made under the Plan that are subject to Section 409A will comply with the requirements of Section 409A.

A nonqualified deferred compensation plan must satisfy the requirements of Section 409A in form and in operation. If the Plan fails to satisfy the requirements of Section 409A, a participant in the Plan may recognize ordinary income on the amounts deferred under the Plan, to the extent vested, prior to when the compensation is actually or "constructively" received. Also, if a Plan fails to comply, Section 409A imposes an additional 20% federal income tax on compensation recognized as ordinary income, as well as certain interest on amounts treated as tax underpayments related to such deferred compensation. Awards granted under the Plan are intended to comply with Section 409A to the extent applicable.

The Plan is not subject to any provision of ERISA, nor is it a qualified employee benefit plan under Section 401(a) of the Tax Code.

Amendment and Termination of the Plan. The Board may amend or terminate the Plan in its discretion, except that no amendment will become effective without prior approval of our stockholders if such approval is necessary for continued compliance with the performance-based compensation exception of Section 162(m) of the Internal Revenue Code or any stock exchange listing requirements. If not previously terminated by the Board, the Plan will terminate on August 15, 2015.

The foregoing is only a summary of the Plan and is qualified in its entirety by reference to its full text. A copy of the Plan, reflecting the Plan Amendment, is attached as Appendix E to this Proxy Statement.

New Plan Benefits. The amount of awards to be made under the Plan is not presently determinable.

In addition to the Plan, the Company has other stock-based compensation plans: The RBC Bearings Incorporated (f/k/a Roller Bearing Holding Company, Inc.) 1998 Stock Option Plan ("1998 Plan") and the RBC Bearings Incorporated (f/k/a Roller Bearing Holding Company, Inc.) 2001 Stock Option Plan ("2001 Plan"). No further options may be granted under the 1998 Plan or the 2001 Plan.

The Board recommends a vote FOR the approval of the amendment to the Company's 2005 Long-Term Incentive Plan.

ITEM 4—OTHER MATTERS

As of the date of this proxy statement, the Company knows of no business that will be presented for consideration at the 2007 annual meeting other than the items referred to above. If any other matter is properly brought before the meeting for action by stockholders, proxies in the enclosed form returned to the Company will be voted in accordance with the recommendation of the Board or, in the absence of such a recommendation, in accordance with the best judgment of the proxy holder.

BOARD OF DIRECTORS AND CORPORATE GOVERNANCE

Number of Meetings of the Board of Directors

The Board held 4 meetings during fiscal 2007. The standing committees of the Board held an aggregate of 20 meetings during fiscal 2007. Each director attended at least 90% of the aggregate number of meetings of the Board and the Board committees on which he served as a director during fiscal 2007.

Attendance at Annual Meetings of the Stockholders

All directors are encouraged to attend the annual meeting of the stockholders. Two directors attended the 2006 annual meeting of shareholders.

Director Independence

Certain rules of the Nasdaq Global Select Market require that the Board be comprised of a majority of “independent directors,” that the audit committee be comprised solely of “independent directors,” that the compensation committee be comprised solely of “independent directors,” and that the nominating and Nominating and Corporate Governance Committee be comprised solely of “independent directors” as defined under Nasdaq rules.

Based upon the information submitted by each of its directors, and following the recommendation of the Nominating and Corporate Governance Committee, the Board has made a determination that all of our current directors, with the exception of Dr. Hartnett satisfy the “independence” requirements of the Nasdaq Stock Market and the Company’s Corporate Governance Guidelines. The standards for determining independence are those set forth in the Nasdaq Global Select Market listing standards and the Company’s Corporate Governance Guidelines.

Executive Sessions

The Company’s Corporate Governance Guidelines, adopted in connection with the initial public offering in August 2005, require the non-management directors to meet in executive sessions on a periodic basis without management. The presiding director, for purposes of leading these meetings, will be the Chairman of the Audit Committee. The non-employee members of the Board and the Audit Committee respectively met in executive session during every meeting held in fiscal 2007.

The Corporate Secretary will review all correspondence received and will forward all correspondence that is relevant to the duties and responsibilities of the Board or the business of the Company to the intended director(s). Examples of inappropriate communication include business solicitations, advertising and communication that is frivolous in nature, relates to routine business matters (such as product inquiries, complaints or suggestions), or raises grievances that are personal to the person submitting the communication. Upon request, any director may review communication that is not forwarded to the directors pursuant to this policy.

The Board has adopted a policy for submitting concerns regarding the Company’s accounting or auditing matters. Reports may be sent to the Audit Committee through one of the following means: (1) calling the Company’s Ethics Hotline at 1-800-966-0078, which is available 24 hours per day, 365 days per year, and leaving a recorded message and (2) in writing marked Private & Confidential to the Audit Committee, RBC Bearings Incorporated, c/o the General Counsel, One Tribology Center, Oxford, CT 06478. The Nominating and Corporate Governance Committee is responsible for periodically reviewing and reassessing the adequacy of these guidelines and recommended changes to the Board for approval.

Code of Business Conduct and Ethics

CERTAIN RELATIONSHIPS AND RELATED TRANSACTIONS

Except as described below, since April 1, 2007, we have not been a party to, nor have we currently proposed, any transaction or series of similar transactions in which the amount exceeds \$120,000, and in which any director, executive officer, holder of more than 5% of our common stock or any member of the immediate family of any of the foregoing persons had or will have a direct or indirect material interest, other than compensation agreements and other agreements, which are described in the "Management" section of this prospectus. We believe that each of the following transactions, other than the loans to our executives, are on terms no less favorable than we could obtain from an unrelated third party.

Dr. Hartnett Letter Agreement

On June 17, 2005 we entered into a Letter Agreement among us, Dr. Hartnett and Whitney which approved the terms of certain pre-offering transactions concurrent with our initial public offering, including the amendment and restatement of our certificate of incorporation, the termination of the Whitney Management Services Agreement upon consummation of our initial public offering, the freezing of our existing stock option plans and the approval of our 2005 Long-Term Incentive Plan, and the terms of a Settlement Bonus between us and Dr. Hartnett.

Amended and Restated Stockholders Agreement; Registration Rights

On February 6, 2003, in connection with an investment in us by Dr. Hartnett and Whitney V, L.P., or Whitney V, we entered into an Amended and Restated Stockholders Agreement with Dr. Hartnett, Hartnett Family Investments, L.P., or the Hartnett Partnership, Whitney V and the Whitney Investor. We amended this agreement upon the consummation of our initial public offering to make modifications in order to eliminate provisions related to transfer restrictions, information and observer rights and provisions with respect to seats on our Board. The Stockholders Agreement also contained provisions with respect to registration rights. The Stockholders Agreement was terminated upon consummation of our secondary offering in April 2007.

Transactions Consummated in Connection with Our Initial Public Offering

As of April 2, 2005, prior to giving effect to our 5-for-2 stock split, there were 2,481,007 shares of our Class A common stock and 100 shares of our Class B common stock outstanding. Additionally, as of such date and prior to giving effect to our 5-for-2 stock split, there were outstanding (1) warrants and options to purchase up to an additional 764,494 shares of our Class A common stock, (2) warrants and options to purchase 549,146 shares of our Class B common stock, and (3) 240,000 shares of our Class B exchangeable convertible participating preferred stock, or Class B preferred stock, which were convertible into shares of Class A common stock, Class C preferred stock and Class D preferred stock. Dr. Hartnett owned all of our Class B common stock, options and warrants to purchase Class B common stock, as well as 10,000 shares of our Class B preferred stock. Dr. Hartnett's shares of Class B common stock entitled him to majority voting control with respect to our capital stock. The balance of 230,000 shares of Class B preferred stock was held by Whitney Investor.

The following transactions occurred prior to the completion of our initial public offering in August 2005:

1. Recapitalization

Prior to the initial public offering in August 2005, we had three classes of capital stock outstanding: Class B preferred stock, Class A common stock and Class B common stock. Prior to the consummation of the initial public offering, we effectuated a series of transactions in order to, among other things, simplify our capital structure. Our simplified capital structure has two classes of authorized capital stock (common

stock and preferred stock), of which only shares of common stock remained outstanding after our initial public offering. The recapitalization transaction involved a number of steps that were effectuated contemporaneously with the consummation of our initial public offering. These steps were as follows:

Stock Split. We amended our certificate of incorporation to effect a 5-for-2 stock split of our common stock.

Conversion of Class B Preferred Stock. Immediately prior to the consummation of the recapitalization, all outstanding shares of Class B preferred stock were converted in accordance with their terms into 1,846,396 (on a post stock split basis) shares of Class A common stock, shares of Class C preferred stock and shares of Class D preferred stock. All shares of Class C and Class D preferred stock were redeemed with cash or common stock as described below.

Redemption of Class C Preferred Stock. Immediately after the conversion of the Class B preferred stock, we used proceeds from our initial public offering and the refinancing of our Senior Credit Facility to redeem all outstanding Class C preferred stock, including any accrued and unpaid dividends, for an aggregate redemption price determined in accordance with our pre-offering certificate of incorporation. The aggregate redemption price of the Class C preferred stock was equal to \$30.6 million.

Repurchase of Class D Preferred Stock. Immediately after the conversion of the Class B preferred stock, we repurchased all of the outstanding Class D preferred stock for an aggregate repurchase price equal to \$8.0 million payable as follows: \$4.0 million of the repurchase price paid in cash using proceeds from the initial public offering and the refinancing of our Senior Credit Facility, and \$4.0 million paid in shares of our Class A common stock based on the initial public offering price of \$14.50 per share (before giving effect to the underwriting discount).

Reclassification of Class A Common Stock and Class B Common Stock. Immediately after the transactions described above, we amended and restated our certificate of incorporation to provide for, among other things, authorized capital stock of 60.0 million shares of common stock and 10.0 million shares of preferred stock after giving effect to a 5-for-2 stock split. As a result, all of our Class A common stock and Class B common stock (including shares of Class A common stock issued upon conversion of the Class B preferred stock and repurchase of the Class D preferred stock) were reclassified as common stock, on a one-for-one basis.

Stock Options and Warrants. Following the reclassification of our shares, all outstanding options and warrants to purchase our Class A common stock and Class B common stock became exercisable into shares of our newly created common stock in accordance with the terms of our stock option plans and stock option and warrant agreements. We froze our existing 1998 Stock Option Plan and 2001 Stock Option Plan such that no further awards or grants may be made under them. We established a new 2005 Long-Term Incentive Plan which currently provides for the issuance of stock options or other equity awards equal to 1,639,170 shares of common stock. Pursuant to Item 3 the number of authorized shares under the 2005 Long-Term Incentive Plan is proposed to be increased by 600,000 shares. Of this amount, 683,502 stock options were awarded to Dr. Hartnett upon the consummation of the initial public offering at the offering price of \$14.50 per share, subject to vesting, and the remainder was reserved for grants to our employees and directors at the discretion of our

The purpose of the plan is to provide these individuals with incentives to maximize stockholder value and otherwise contribute to our success and to enable us to attract, retain and reward the best available persons for positions of responsibility.

1,639,170 shares of our Common Stock were authorized for issuance under the plan, subject to adjustment in the event of a reorganization, stock split, merger or similar change in our corporate structure or the outstanding shares of Common Stock. Of this amount, 683,502 options were awarded to Dr. Hartnett at the time of our initial public offering in August 2005 at the offering price of \$14.50 per share and the remainder have been reserved for grants to our employees and directors at the discretion of our Compensation Committee. During fiscal 2007 the Company issued an additional 335,500 options and 75,675 restricted stock grants. As of July 1, 2007, the 2005 Long-Term Incentive Plan had 531,993 stock options or other equity awards available for issuance. We may grant shares of restricted stock to our employees and directors in the future under the plan. Our Compensation Committee will administer the plan. Our Board also has the authority to administer the plan and to take all actions that the Compensation Committee is otherwise authorized to take under the plan. The terms and conditions of each award made under the plan, including vesting requirements, will be set forth consistent with the plan in a written agreement with the grantee.

Stock Options. Under the plan, the Compensation Committee or the Board may award grants of incentive stock options and other non-qualified stock options. The Compensation Committee also has the authority to grant options that will become fully vested and exercisable automatically upon a change in

control. The Compensation Committee may not, however, award to any one person in any calendar year options to purchase common stock equal to more than 10% of the total number of shares authorized under the plan (other than the initial award to Dr. Hartnett discussed above), and it may not award incentive options first exercisable in any calendar year whose underlying shares have a fair market value greater than \$100,000 determined at the time of grant.

The Compensation Committee will determine the exercise price and term of any option in its discretion, however, the exercise price may not be less than 100% of the fair market value of a share of Common Stock on the date of grant. In the case of any incentive stock option, the option must be exercised within 10 years of the date of grant. The exercise price of an incentive option awarded to a person who owns stock constituting more than 10% of our voting power may not be less than 110% of such fair market value on such date and the option must be exercised within five years of the date of grant.

Restricted Stock. Under the plan, the Compensation Committee may award restricted stock subject to the conditions and restrictions, and for the duration that it determines in its discretion. The Board and the Compensation Committee have resolved that from the total addition of 500,000 shares of common stock to the Plan approved at our 2006 Annual Meeting of Shareholders, a maximum of one-third will be used for restricted stock awards.

Stock Appreciation Rights. The Compensation Committee may grant stock appreciation rights, or SARs, subject to the terms and conditions contained in the plan. Under the plan, the exercise price of an SAR must equal the fair market value of a share of our common stock on the date the SAR was granted. Upon exercise of a SAR, the grantee will receive an amount in shares of our common stock equal to the difference between the fair market value of a share of common stock on the date of exercise and the exercise price of the SAR, multiplied by the number of shares as to which the SAR is exercised.

Performance Awards. The Compensation Committee may grant performance awards contingent upon achievement by the grantee or by us, of set goals and objectives regarding specified performance criteria, over a specified performance cycle. Awards may include specific dollar-value target awards, performance units, the value of which is established at the time of grant, and/or performance shares, the value of which is equal to the fair market value of a share of Common Stock on the date of grant. The value of a performance award may be fixed or fluctuate on the basis of specified performance criteria. A performance award may be paid out in cash and/or shares of Common Stock or other securities.

Amendment and Termination of the Plan. The Board may amend or terminate the plan in its discretion, except that no amendment will become effective without prior approval of our stockholders if such approval is necessary for continued compliance with the performance-based compensation exception of Section 162(m) of the Internal Revenue Code or any stock exchange listing requirements. If not previously terminated by the Board, the plan will terminate on the tenth anniversary of its adoption.

On March 29, 2006, we accelerated vesting with respect to all outstanding options and warrants under our existing stock option plans. Such acceleration was approved by our Board. As of July 1, 2007, there were 1,184,853 outstanding stock options, 851,853 of which were exercisable.

401(k) Plan

We maintain the Roller Bearing Company of America 401(k) Retirement Plan, or the 401(k) Plan, a plan established pursuant to Section 401(k) of the Internal Revenue Code, for the benefit of our non-union employees. All non-union employees who have completed six months of service with us are entitled

to participate. Subject to various limits, employees are entitled to defer up to 25% of their annual salary on a pre-tax basis and up to an additional 10% of their annual salary on an after-tax basis. We previously matched 50% of an employee's pre-tax contribution up to 10% of annual salary. Effective October 1, 2001, we suspended matching contributions to the 401(k) Plan. Employees vest in our contributions ratably over three years.

Effective April 3, 2004, we resumed matching contributions to our 401(k) Plan at a rate of 25% of an employee's pre-tax contribution up to 4% of annual salary. Effective June 1, 2007, we increased the matching contributions to our 401(k) Plan at a rate of 30% of an employee's pre-tax contribution up to 6% of annual salary. We also maintain a smaller 401(k) plan for non-union employees at our Miller bearing facility. We also maintain three 401(k) plans for our

union employees. Subject to various limits, union employees are entitled to defer up to 25% of their annual salary on a pre-tax basis. We make employer contributions (matching and, in some cases, non-elective contributions) based on requirements in applicable collective bargaining agreements.

Supplemental Retirement Plan

Effective September 1, 1996, we adopted a non-qualified supplemental retirement plan, or SERP, for a select group of executive officers and management employees designated by our Chief Executive Officer. The SERP allows eligible employees to elect to defer until termination of their employment the receipt of up to 25% of their current salary. We make contributions equal to the lesser of 50% of the deferrals or 3.5% of the employee's annual salary, which vest in full after three years of service following the effective date of the SERP. Accounts are paid, either in a lump sum or installments, upon retirement, death or termination of employment. Accounts are generally payable from our general assets. Employees' rights to receive payments are subject to the rights of our creditors.

COMPENSATION DISCUSSION AND ANALYSIS

Overview

The Compensation Committee has responsibility for determining the compensation of the Company's Chief Executive Officer ("CEO") and for the review and approval of the CEO's recommendations regarding the compensation of other executive officers. The Compensation Committee also has the sole authority to retain and terminate any executive compensation consultants engaged to provide advice to the Compensation Committee in discharging its responsibilities and to retain other professional advisors, when necessary or appropriate. All goals and objectives and related compensation decisions regarding executive officers other than the CEO are determined in discussion with, and are based upon the recommendation of, the CEO, who is in the best position to assess performance. The Compensation Committee does not delegate any of this authority discussed above to any other person or persons. The Company and the Compensation Committee does on a periodic basis retain compensation consultants to advise on compensation matters.

The Compensation Committee evaluates the CEO's performance, and makes all determinations regarding compensation of the CEO, including, the review and approval of corporate goals and objectives related to the CEO's compensation and evaluating the performance of the CEO in light of agreed upon goals and objectives and in accordance with the CEO's July 1, 2005 Employment Agreement.

The Compensation Committee, in consultation with the Board of Directors, the CEO and senior management, also has the authority to develop and approve the Company's executive compensation philosophy, including the balance between or mix of base salaries, cash and equity-based incentive compensation and other compensation components for the CEO, other executive officers and make recommendations with respect to the compensation of the Board of Directors.

Compensation Objectives and Philosophy

The Company's compensation program is designed to reward executives based on favorable performance and results. Compensation policies and plans (including benefits) are designed to attract and retain top quality and experienced executives by providing the opportunity to earn competitive cash compensation based on corporate, business unit and individual performance plus the opportunity to accumulate stock-based wealth commensurate with the long-term growth and value created for RBC Bearings' stockholders.

The Company seeks to attract executive talent by offering competitive base salaries and annual and long-term performance incentive opportunities. It is the Company's practice to provide incentives that promote both the short and long-term financial and strategic objectives of the Company. Achievement of short-term objectives is rewarded through base salary and annual performance incentives, while long-term incentive grants (primarily stock options and restricted stock) encourage executives to focus on and align themselves with the Company's long-term goals as well. These incentives are based on financial objectives of importance to the Company, including revenue and earnings growth and creation of stockholder value. The Company's compensation program also accounts for individual performance, which enables the Company to differentiate among executives and emphasize the link between personal performance and compensation.

The Compensation Committee compares the Company's senior management compensation levels with those of a peer group of companies in industries related to the Company and similar-size companies in the bearings industry. In addition, the Compensation Committee and senior management periodically review the effectiveness and competitiveness of the Company's executive compensation structure with the assistance of independent consultants. Such consultants generally report directly to, the Compensation Committee; however, senior management has engaged, and may in the future engage, compensation consultants, subject to Compensation Committee approval and oversight.

The key elements of executive compensation are base salary, annual performance incentive awards and long-term incentive awards. It is the Compensation Committee's practice to target the base salary element to deliver compensation to each executive and all executives as a group within the mid-level range of compensation for persons having similar responsibilities at companies in the comparison group. It is also the Compensation Committee's practice to target the annual performance incentive awards and long-term incentive awards elements to deliver compensation to each executive and all executives as a group that exceeds industry average ranges of compensation for persons having similar responsibilities at companies in the comparison group based on an assessment of performance by the CEO.

Compensation Program Components

The Compensation Committee regularly reviews and updates the Company's compensation program for the CEO and other executive officers to ensure that compensation levels and benefits are competitive and reasonable using the guidelines described above. The particular elements of the compensation program for the CEO and other executive officers are set forth in more detail below.

Base Salaries

Base salary levels are determined and approved by the Compensation Committee at levels the Compensation Committee determines appropriate to attract the level of competence necessary for the position. The base salary of the CEO is determined in accordance with the CEO's July 1, 2005 Employment Agreement. The Compensation Committee annually reviews and approves the CEO's recommendations with respect to base salaries of other executive officers. In each case, the CEO and Compensation Committee take into account the results achieved by the executive, his or her future potential, scope of responsibilities and experience and competitive salary practices. Base salary levels are primarily determined by the CEO and approved by the Compensation Committee at levels the CEO and Compensation Committee deem appropriate to attract the level of competence necessary for the position. Annually, thereafter, base pay is determined by an assessment of the person's sustained performance, the impact of such performance on the results of the Company, and such salary's competitive relationship to industry and market level considerations within the ranges the Compensation Committee considers reasonable and necessary for that position.

Annual Incentive Compensation Plan

The Company's performance-based annual incentive awards focus on matching rewards with results.

In the case of the CEO, and in accordance with the CEO's July 1, 2005 Employment Agreement, the CEO is entitled to an annual performance bonus equal to a percentage of the CEO's base salary in an amount determined at the discretion of the Board of Directors if the percentage of the Company's actual EBITDA to plan is less than ninety percent and in an amount ranging up to two hundred percent of base salary if the percentage of the Company's actual EBITDA to plan is one hundred ten percent or higher.

The Vice President and Chief Financial Officer, is eligible for an annual performance bonus equal to a targeted fifty percent of his base salary and ranging in an amount determined at the discretion of the CEO if the percentage of the Company's actual EBITDA to plan is less than ninety percent and up to one hundred twenty five percent of the targeted annual performance bonus if the percentage of the Company's actual EBITDA to plan is one hundred five percent or higher.

In the case of executive officers in charge of operating segments, for the Company's 2007 fiscal year each is eligible for a cash incentive bonus equal to a targeted fifty percent of their base salary. The amount of the bonus is based on performance to plan goal which is comprised of sales plus depreciation less total factory cost. If one hundred percent of the established plan goal is achieved then the bonus is equal to fifty percent of base salary. For each one percent of achievement above or below the plan goal there is a corresponding five percent reduction or increase to the bonus earned. A discretionary adjustment can also be made by the CEO based on a subjective assessment of the individual performance.

In the case of executive officers in charge of operating segments, for the Company's 2008 fiscal year and beyond, each is eligible for a cash incentive bonus equal to a targeted sixty percent of their base salary. The targeted percentage is made up of three elements (1) thirty percent of base salary upon achieving one hundred percent of the established annual revenue and profit plan, with a minimum threshold of more than eighty percent of plan, with an opportunity to earn up to sixty percent of base salary if the achievement is equal to one hundred and twenty percent; (2) up to fifteen percent of base salary based on year to year revenue growth achievement in excess of two time Gross Domestic Product; and (3) a up to fifteen percent of base salary, at the discretion of the CEO, upon achievement of acceptable customer service levels, development of human resources the Company's overall performance.

Other executive officers are entitled to an annual performance bonus equal to a targeted percent of their base salary in an amount determined at the discretion of the CEO based on the Company's overall performance and the individual's performance.

Long-Term Equity Incentive Program

The Company's 2005 Long-Term Incentive Plan provides for grants of stock options, restricted stock and other types of equity awards for executive officers, and other key managers. The objectives of the 2005 Long-Term Incentive Plan are to align management and shareholder long-term interests by creating a strong and direct long-term relationship between executive compensation and shareholder returns. The Compensation Committee strongly believes that by providing those individuals who have substantial responsibility for the management and growth of the Company with an opportunity to increase their ownership of Company common stock, the best interests of shareholders, executive officers and key managers are more closely aligned. If equity incentives are to be awarded to executive officers, the grant is based upon the perceived incentive that grant will provide and the benefits that the grant may have on long-term shareholder value. The determination of the number of shares granted is based upon the level and contribution of the employee. Our directors, executive officers and certain other employees are eligible for grants under the plan. The purpose of the plan is to provide these individuals with incentives to maximize stockholder value and otherwise contribute to our success and to enable us to attract, retain and reward the best available persons for positions of responsibility.

The Compensation Committee generally vests equity incentives over a period of three to five years which increases the long-term aspect of these awards. As a result of the extended vesting schedule, the dollar value of these stock-based incentives can appreciate to substantial amounts since there is a longer time period for the Company stock price to appreciate. Further, the Compensation Committee believes that the extended vesting of equity incentives also promotes retention and spreads compensation expense over a longer term. This expense is amortized over the vesting period of the equity incentive subject to the provisions of FAS 123R. Because the Company's tax deduction is based on the fair market value at the time restrictions lapse, the after-tax cost of this program can be very favorable to the Company based on future appreciation of Company common stock.

Stock Options

Executives (including the executive officers) receive nonqualified stock options that:

- have an exercise price equal to the fair market value of Common Stock on the date of grant;
- typically vest over a three to five-year period in equal amounts each year; and
- expire seven years after the date of grant.

Under the accounting rules, the value of the stock options at the time of grant is expensed over the vesting period in the year the options are earned. When executives exercise stock options, they are taxed at ordinary income tax rates (subject to withholding) and the Company receives a corresponding tax deduction.

Restricted Shares

Executives (including certain executive officers) receive restricted shares that typically vest over a five year period in equal amounts each year.

Under the accounting rules, the grant date fair value is expensed over the service/vesting period based on the shares that are earned. The executives are taxed at ordinary income tax rates (subject to withholding) when the shares vest, and the Company receives a corresponding tax deduction.

As of the end of the Company's 2007 fiscal year, there remained 531,993 shares available for issuance under the 2005 Long-Term Incentive Plan.

For further information regarding Base Salary, Annual Incentive and the Long-Term Equity Incentive Program for the CEO and certain other executive officers, see "Summary Compensation" above.

Retirement Plans

The Company does not maintain any pension programs for the benefit of the CEO or other executive officers. The Company has a defined contribution plan under Section 401(k) of the Internal Revenue Code for all of its employees not covered by a collective bargaining agreement. The CEO and other executive officers are entitled to participate in this 401(k) plan on the same terms and conditions as all other eligible employees subject to a 5% of eligible employee compensation participation limit. The plan is funded by eligible participants through employee contributions and by the Company through matching contributions equal to 30% of the first 6% of eligible employee compensation.

Supplemental Executive Retirement Plan

To attract and retain highly qualified senior management executives, the Company has adopted a Supplemental Executive Retirement Plan ("SERP"). The SERP is a nonqualified supplemental pension plan for executives selected by the CEO that provides pension benefits in excess of those provided by the Retirement Plan discussed above. Effective September 1, 1996, the Company adopted a non-qualified Supplemental Executive Retirement Plan ("SERP") for a select group of highly compensated management employees designated by the CEO. The SERP allows eligible employees to elect to defer, until termination of their employment, the receipt of up to twenty five percent of their current compensation. The Company makes contributions equal to fifty percent of the deferral amount, up to seven percent of the employees' annual compensation, which vest in full after three years of service following the effective date of the SERP.

Employment Agreements

On July 1, 2005, the Company entered into an employment agreement with Michael J. Hartnett, in connection with his appointment as President and CEO of the Company. A copy of the agreement is filed as Exhibit 10.19 to Amendment No. 4 to the Form S-1 Registration Statement dated August 8, 2005. No other executive officers have employment agreements and are employed "at will."

Perquisite Programs

The Company's executive officers are eligible to participate in the Company's broad-based benefit programs, including health, disability and life insurance, and relocation programs. The perquisites provided to the CEO are set forth in Schedule A to the CEO's July 1, 2005 Employment Agreement. Certain named executive officers may also receive certain Company provided perquisites including life insurance coverage, use of a leased vehicle or a vehicle allowance. These items are intended to provide those executives with a competitive perquisite program. For further information regarding specific perquisites provided to the named executive officers, see "Summary Compensation" above.

Change-in-Control Compensation Agreement

Change-in-Control compensation agreements generally protect income for key executives who would likely be involved in decisions regarding and/or successful implementation of merger/acquisition activity and who are at risk for job loss if a take-over occurs. It is generally believed to be in the best interests of the Company and its stockholders to adopt such agreements in order for the Board to be able to receive and rely upon the executive's advice and counsel as to the best interests of the Company and its shareholders without concern that the executive might be distracted or influenced by the personal uncertainties and risks created by merger and/or acquisition proposals or threats. These agreement typically provide reasonable termination compensation for the executive officers in order to encourage management to remain with the Company and to continue to devote full attention to the Company's business.

The employment agreement with Michael J. Hartnett provides that in the event of his termination of employment due to a Change-in-Control of the Company, he will generally be entitled to payment of his base salary for the remainder of the term of the employment agreement which ends July 1, 2010 plus a pro rata portion of his annual bonus for the fiscal year of the Company during which the termination occurs in addition to being entitled to the continuation of the Special Benefits set forth in his employment agreement until July 1, 2010.

Except for the change control provision contained in the employment agreement with Michael J. Hartnett, the Company has not entered into Change-in-Control compensation agreements with any other executive officer.

Compensation Committee Policy Regarding Compliance with Section 162 (m) of the Internal Revenue Code of 1986 (the "Code")

Section 162(m) of the Internal Revenue Code (the "Code") precludes a public corporation from taking a deduction for compensation in excess of \$1 million in any taxable year for its chief executive officer or any of its four other highest paid executive officers, unless certain specific and detailed criteria are satisfied.

The Compensation Committee considers the anticipated tax treatment to the Company and the executive officers in its review and establishment of compensation programs and payments. The deductibility of some types of compensation payments can depend upon the timing of an executive's vesting or

exercise of previously granted rights. Interpretations of and changes in applicable tax laws and regulations as well as other factors beyond the Compensation Committee's control also can affect deductibility of compensation. For these and other reasons, the Compensation Committee has determined that it will not necessarily seek to limit executive compensation to that deductible under Section 162(m) of the Code.

The Compensation Committee will continue to monitor developments and assess alternatives for preserving the deductibility of compensation payments and benefits to the extent reasonably practicable, consistent with its compensation policies and as determined to be in the best interests of the Company and its stockholders.

Compensation Committee Interlocks and Insider Participation

The members of the Compensation Committee for the 2007 fiscal year were Richard R. Crowell, Alan B. Levine and William P. Killian. The Audit Committee of the Board has reviewed and discussed the audited financial statements with management, which has represented that the financial statements were prepared in accordance with accounting principles generally accepted in the United States. The Audit Committee discussed with management the quality and acceptability of the accounting principles employed including all critical accounting policies used in the preparation of the financial statements and related notes, the reasonableness of judgments made, and the clarity of the disclosures included in the statements.

The Audit Committee also reviewed the consolidated financial statements of the Company for fiscal 2007 with Ernst & Young LLP, the Company's independent auditors for fiscal 2007, who are responsible for expressing an opinion on the conformity of those audited financial statements with accounting principles generally accepted in the United States. The Audit Committee has discussed with Ernst & Young LLP, the matters required to be discussed by Statement on Auditing Standards No. 61, Communication with Audit Committees.

The Audit Committee also reviewed management's report on its assessment of the effectiveness of the Company's internal control over financial reporting and the independent public accounting firm's report on management's assessment of and the effectiveness of the Company's internal control over financial reporting.

The Audit Committee has received the written disclosures and the letter from Ernst & Young LLP required by Independence Standards Board Standard No. 1 (Independence Discussion with Audit Committees) and has discussed with Ernst & Young LLP its independence and has considered whether the provision of non-audit services by Ernst & Young LLP to the Company is compatible with maintaining Ernst & Young LLP's independence.

In reliance on the reviews and discussions referred to above, the Audit Committee recommended to the Board that the audited financial statements be included in the Company's Annual Report on Form 10-K for the year ended March 31, 2007 for filing with the Securities and Exchange Commission. The Audit Committee has selected Ernst & Young LLP as the Company's independent auditor for fiscal 2008.

Director qualifications shall be set out in the Company's Corporate Governance Guidelines.

Such recommendations will also be subject to a vote of the majority of the Board. Board members appointed in this way will be required to stand for election by stockholders at the next Annual Meeting.

56

In making its recommendations, the Committee shall take into account the criteria for committee membership as outlined in each committee's charter. Where independence or other regulatory requirements must be met for membership on a particular Board committee, the Committee shall satisfy itself that its recommendations would comply with such requirements.

There is no limitation on the re-appointment of a Board member to serve as a member or chairman of any committee. The Committee may also make recommendations to the Board to replace any committee chairmen or members or to add any members to a Board committee at any time during the year.

i. “Exchange Act” means the Securities Exchange Act of 1934, as amended.

j. “Fair Market Value” of a share of Common Stock of the Company means, as of the date in question, the officially-quoted closing selling price of the stock (or if no selling price is quoted, the bid price) on the principal securities exchange or market on which the Common Stock is then listed for trading (including, for this purpose, the New York Stock Exchange or the Nasdaq National Market) (the “Market”) for the applicable trading day or, if the Common Stock is not then listed or quoted in the Market, the Fair Market Value shall be the fair value of the Common Stock determined in good faith by the Board using any reasonable method; provided, however, that when shares received upon exercise of an option are immediately sold in the open market, the net sale price received may be used

3. Administration.

The Plan shall be administered by the Committee; provided that the Board may, in its discretion, at any time and from time to time, resolve to administer the Plan, in which case the term “Committee” shall be deemed to mean the Board for all purposes herein. Subject to the provisions of the Plan, the Committee shall be authorized to (i) select persons to participate in the Plan, (ii) determine the form and substance of Grants made under the Plan to each participant, and the conditions and restrictions, if any, subject to which such Grants will be made, (iii) certify that the conditions and restrictions applicable to any Grant have been met, (iv) modify the terms of Grants made under the Plan in accordance with the provisions of Sections 16 and 17 hereof, (v) interpret the Plan and Grants made thereunder, (vi) make any adjustments necessary or desirable in connection with Grants made under the Plan to eligible participants located outside the United States and (vii) adopt, amend, or rescind such rules and regulations, and make such other determinations, for carrying out the Plan as it may deem appropriate. Decisions of the Committee on all matters relating to the Plan shall be in the Committee’s sole discretion and shall be conclusive and binding on all parties. The validity, construction, and effect of the Plan and any rules and regulations relating to the Plan shall be determined in accordance with applicable federal and state laws and rules and regulations promulgated pursuant thereto. The expenses of the Plan shall be borne by the Company. The Company shall not be required to establish any special or separate fund or make any other segregation of assets to assume the obligations pursuant to any Grant made under the Plan, and rights to any payment in connection with such Grants shall be no greater than the rights of the Company’s general creditors.

62

4. Shares Available for the Plan.

Subject to adjustments as provided in Section 15, an aggregate of 2,239,170 shares of Common Stock, which represents the number of shares equal to approximately ten and four tenths (10.4%) of the number of shares of Common Stock outstanding as of the Effective Date (the “Shares”), may be issued pursuant to the Plan. Such Shares may be in whole or in part authorized and unissued or held by the Company as treasury shares. If any Grant under the Plan expires or terminates unexercised, becomes unexercisable or is forfeited as to any Shares, or is tendered or withheld as to any Shares in payment of the exercise price of the Grant or taxes payable with respect to the Grant or the vesting or exercise thereof, then such unpurchased, forfeited, tendered or withheld Shares may thereafter be available for further Grants under the Plan as the Committee shall determine.

Without limiting the generality of the foregoing provisions of this Section 4 or the generality of the provisions of Sections 3, 6 or 17 or any other section of this Plan, the Committee may, at any time or from time to time, and on such terms and conditions (that are consistent with and not in contravention of the other provisions of this Plan) as the Committee may, in its sole discretion, determine, enter into agreements (or take other actions with respect to the Grants) for new Grants containing terms (including exercise prices) more (or less) favorable than the outstanding Grants.

5. Participation.

Participation in the Plan shall be limited to those directors (including Non-Employee Directors), officers (including non-employee officers) and employees of, and other individuals performing services for, or to whom an offer of employment has been extended by, the Company and its Subsidiaries selected by the Committee (including participants located outside the United States). Nothing in the Plan or in any Grant thereunder shall confer any right on a participant to continue in the employ as a director or officer of, or in any other capacity or in the performance of services for, the Company or shall interfere in any way with the right of the Company to terminate the employment or performance of services or to reduce the compensation or responsibilities of a participant at any time. By accepting any Grant under the Plan, each participant and each person claiming under or through him or her shall be conclusively deemed to have indicated his or her acceptance and ratification of, and consent to, any action taken under the Plan by the Company, the Board or the Committee.

Incentive Stock Options or Non-qualified Stock Options, SARs alone or in tandem with options, restricted stock awards, performance awards or any combination thereof may be granted to such persons and for such number of Shares as the Committee shall determine (such individuals to whom Grants are made being sometimes herein called "optionees" or "grantees," as the case may be). Determinations made by the Committee under the Plan need not be uniform and may be made selectively among eligible individuals under the Plan, whether or not such individuals are similarly situated. A Grant of any type made hereunder in any one year to an eligible participant shall neither guarantee nor preclude a further Grant of that or any other type to such participant in that year or subsequent years.

6. Incentive and Non-qualified Options and SARs.

The Committee may from time to time grant to eligible participants Incentive Stock Options, Non-qualified Stock Options, or any combination thereof; provided that the Committee may grant Incentive Stock Options only to eligible employees of the Company or its subsidiaries (as defined for this purpose in Section 424(f) of the Code or any successor thereto). In any one calendar year, the Committee shall not grant to any one participant options or SARs to purchase or receive the economic equivalent of a number of shares of Common Stock in excess of 10% of the total number of Shares authorized under the Plan pursuant to Section 4; provided, however, that the Committee shall be permitted to grant to Dr. Michael J. Hartnett up to 60% of the total number of Shares authorized under the plan at any time. The options

granted shall take such form as the Committee shall determine, subject to the following terms and conditions.

It is the Company's intent that Non-qualified Stock Options granted under the Plan not be classified as Incentive Stock Options, that Incentive Stock Options be consistent with and contain or be deemed to contain all provisions required under Section 422 of the Code or any successor thereto, that neither any Non-qualified Stock Option nor any Incentive Stock Option be treated as a payment of deferred compensation for the purposes of Section 409A of the Code and any successor thereto, and that any ambiguities in construction be interpreted in order to effectuate such intent. If an Incentive Stock Option granted under the Plan does not qualify as such for any reason, then to the extent of such non-qualification, the stock option represented thereby shall be regarded as a Non-qualified Stock Option duly granted under the Plan, provided that such stock option otherwise meets the Plan's requirements for Non-qualified Stock Options.

a. Price. The price per Share deliverable upon the exercise of each option ("exercise price") shall not be less than 100% of the Fair Market Value of a share of Common Stock as of the date of Grant of the option, and in the case of the Grant of any Incentive Stock Option to an employee who, at the time of the Grant, owns more than 10% of the total combined voting power of all classes of stock of the Company or any of its Subsidiaries, the exercise price may not be less than 110% of the Fair Market Value of a share of Common Stock as of the date of Grant of the option, in each case unless otherwise permitted by Section 422 of the Code or any successor thereto.

b. Payment. Options may be exercised, in whole or in part, upon payment of the exercise price of the Shares to be acquired. Unless otherwise determined by the Committee, payment shall be made (i) in cash (including check, bank draft, money order or wire transfer of immediately available funds), (ii) by delivery of outstanding shares of Common Stock with a Fair Market Value on the date of exercise equal to the aggregate exercise price payable with respect to the options' exercise, (iii) by simultaneous sale through a broker reasonably acceptable to the Committee of Shares acquired on exercise, as permitted under Regulation T of the Federal Reserve Board, (iv) by authorizing the Company to withhold from issuance a number of Shares issuable upon exercise of the options which, when multiplied by the Fair Market Value of a share of Common Stock on the date of exercise, is equal to the aggregate exercise price payable with respect to the options so exercised or (v) by any combination of the foregoing.

In the event a grantee elects to pay the exercise price payable with respect to an option pursuant to clause (ii) above, (A) only a whole number of share(s) of Common Stock (and not fractional shares of Common Stock) may be tendered in payment, (B) such grantee must present evidence acceptable to the Company that he or she has owned any such shares of Common Stock tendered in payment of the exercise price (and that such tendered shares of Common Stock have not been subject to any substantial risk of forfeiture) for at least six months prior to the date of exercise, and (C) Common Stock must be delivered to the Company. Delivery for this purpose may, at the election of the grantee, be made either by (A) physical delivery of the certificate(s) for all such shares of Common Stock tendered in payment of the price, accompanied by duly executed instruments of transfer in a form acceptable to the Company, or (B) direction to the grantee's broker to transfer, by book entry, of such shares of Common Stock from a brokerage account of the grantee to a brokerage account specified by the Company. When payment of the exercise price is made by delivery of Common Stock, the difference, if any, between the aggregate exercise price payable with respect to the option being exercised and the Fair Market Value of the shares of Common Stock tendered in payment (plus any applicable taxes) shall be paid in cash. No grantee may tender shares of Common Stock having a Fair Market Value exceeding the aggregate exercise price payable with respect to the option being exercised (plus any applicable taxes).

In the event a grantee elects to pay the exercise price payable with respect to an option pursuant to clause (iv) above, only a whole number of Shares (and not fractional Shares) may be withheld in payment. When payment of the exercise price is made by withholding of Shares, the difference, if any, between the aggregate exercise price payable with respect to the option being exercised and the Fair Market Value of the Shares withheld in payment (plus any applicable taxes) shall be paid in cash. No grantee may authorize the withholding of Shares having a Fair Market Value exceeding the aggregate exercise price payable with respect to the option being exercised (plus any applicable taxes). Any withheld Shares shall no longer be issuable under such option.

c. Terms of Options; Vesting. The term during which each option may be exercised shall be determined by the Committee, but if required by the Code and except as otherwise provided herein, no option shall be exercisable in whole or in part more than ten years from the date it is granted, and no Incentive Stock Option granted to an employee who at the time of the Grant owns more than 10% of the total combined voting power of all classes of stock of the Company or any of its Subsidiaries shall be exercisable more than five years from the date it is granted. All rights to purchase Shares pursuant to an option shall, unless sooner terminated, expire at the date designated by the Committee. The Committee shall determine the date on which each option shall become exercisable and may provide that an option shall become exercisable in installments. The Shares constituting each installment may be purchased in whole or in part at any time after such installment becomes exercisable, subject to such minimum exercise requirements as may be designated by the Committee. Prior to the exercise of an option and delivery of the Shares represented thereby, the optionee shall have no rights as a stockholder with respect to any Shares covered by such outstanding option (including any dividend or voting rights).

d. Limitations on Grants. If required by the Code, the aggregate Fair Market Value (determined as of the Grant date) of Shares for which an Incentive Stock Option is exercisable for the first time during any calendar year under all equity incentive plans of the Company and its Subsidiaries (as defined in Section 422 of the Code or any successor thereto) may not exceed \$100,000.

e. Termination; Forfeiture.

i. Death or Disability. Unless otherwise provided in any Award Agreement, if a participant ceases to be a director, officer or employee of, or to perform other services for, the Company and any Subsidiary due to death or Disability, (A) all of the participant's options and SARs that were exercisable on the date of death or Disability shall remain exercisable for, and shall otherwise terminate at the end of, a period of one year after the date of death or Disability, but in no event after the expiration date of the options and SARs and (B) all of the participant's options and SARs that were not exercisable on the date of death or Disability shall be forfeited immediately upon such death or Disability; provided, however, that the Committee may determine to additionally vest such options and SARs, in whole or in part, in its discretion. Notwithstanding the foregoing, if the Disability giving rise to the termination of employment is not within the meaning of Section 22(e)(3) of the Code or any successor thereto, Incentive Stock Options not exercised by such participant within one year after the date of termination of employment will cease to qualify as Incentive Stock Options and will be treated as Non-qualified Stock Options under the Plan if required to be so treated under the Code.

ii. Retirement. Unless otherwise provided in any Award Agreement, if a participant ceases to be a director, officer or employee of, or to perform other services for, the Company and any Subsidiary upon the occurrence of his or her Retirement, (A) all of the participant's options and SARs that were exercisable on the date of Retirement shall remain exercisable for, and shall otherwise terminate at the end of, a period of 90 days after the date of Retirement, but in no

65

event after the expiration date of the options or SARs; provided that the participant does not engage in Competition during such 90-day period unless he or she receives written consent to do so from the Board or the Committee, and (B) all of the participant's options and SARs that were not exercisable on the date of Retirement shall be forfeited immediately upon such Retirement; provided, however, that such options and SARs, may become fully vested and exercisable in the discretion of the Committee. Notwithstanding the foregoing, Incentive Stock Options not exercised by such participant within 90 days after Retirement will cease to qualify as Incentive Stock Options and will be treated as Non-qualified Stock Options under the Plan if required to be so treated under the Code.

iii. Discharge for Cause. Unless determined by the Committee, if a participant ceases to be a director, officer or employee of, or to perform other services for, the Company or a Subsidiary due to Cause, or if a participant does not become a director, officer or employee of, or does not begin performing other services for, the Company or a Subsidiary for any reason, all of the participant's options and SARs shall expire and be forfeited immediately upon such cessation or non-commencement, whether or not then exercisable.

iv. Other Termination. If a participant ceases to be a director, officer or employee of, or to otherwise perform services for, the Company or a Subsidiary for any reason other than death, Disability, Retirement or Cause, (A) all of the participant's options and SARs that were exercisable on the date of such cessation shall remain exercisable for, and shall otherwise terminate at the end of, a period of 30 days after the date of such cessation, but in no event after the expiration date of the options or SARs; provided that the participant does not engage in Competition during such 30-day period unless he or she receives written consent to do so from the Board or the Committee, and (B) all of the participant's options and SARs that were not exercisable on the date of such cessation shall be forfeited immediately upon such cessation.

v. Change of Control. If there is a Change in Control of the Company or similar event, the Committee may, in its discretion, provide for the vesting of a participant's options and SARs on such terms and conditions as it deems appropriate in such participant's Award Agreement.

7. Stock Appreciation Rights.

Provided that the Company's stock is traded on an established securities market, the Committee shall have the authority to grant SARs under this Plan, subject to such terms and conditions specified in this paragraph 7 and any additional terms and conditions as the Committee may specify.

No SAR may be issued unless (a) the exercise price of the SAR may never be less than the Fair Market Value of the underlying Shares on the date of grant and (b) the SAR does not include any feature for the deferral of compensation income other than the deferral of recognition of income until the exercise of the SAR.

No SAR may be exercised unless the Fair Market Value of a share of Common Stock of the Company on the date of exercise exceeds the exercise price of the SAR. Prior to the exercise of the SAR and delivery of the Shares represented thereby, the participant shall have no rights as a stockholder with respect to Shares covered by such outstanding SAR (including any dividend or voting rights).

Upon the exercise of an SAR, the participant shall be entitled to a distribution in an amount equal to the difference between the Fair Market Value of a share of Common Stock on the date of exercise and the exercise price of the SAR, multiplied by the number of Shares as to which the SAR is exercised. Such distribution shall be made in Shares having a Fair Market Value equal to such amount.

66

All SARs will be exercised automatically on the last day prior to the expiration date of the SAR so long as the Fair Market Value of a share of Common Stock on that date exceeds the exercise price of the SAR or any related option, as applicable.

The provisions of Subsections 6(c) shall apply to all SARs except to the extent that the Award Agreement pursuant to which such Grant is made expressly provides otherwise.

It is the Company's intent that no SAR shall be treated as a payment of deferred compensation for purposes of Section 409A of the Code and that any ambiguities in construction be interpreted in order to effectuate such intent.

8. Restricted Stock.

The Committee may at any time and from time to time grant Shares of restricted stock under the Plan to such participants and in such amounts as it determines. Each Grant of restricted stock shall specify the applicable restrictions on such Shares, the duration of such restrictions, and the time or times at which such restrictions shall lapse with respect to all or a specified number of Shares that are part of the Grant.

The participant will be required to pay the Company the aggregate par value of any Shares of restricted stock (or such larger amount as the Board may determine to constitute capital under Section 154 of the Delaware General Corporation Law, as amended, or any successor thereto) within 15 days of the date of Grant, unless such Shares of restricted stock are treasury shares. Unless otherwise determined by the Committee, certificates representing Shares of restricted stock granted under the Plan will be held in escrow by the Company on the participant's behalf during any period of restriction thereon and will bear an appropriate legend specifying the applicable restrictions thereon, and the participant will be required to execute a blank stock power therefor. Except as otherwise provided by the Committee, during such period of restriction the participant shall have all of the rights of a holder of Common Stock, including but not limited to the rights to receive dividends and to vote, and any stock or other securities received as a distribution with respect to such participant's restricted stock shall be subject to the same restrictions as then in effect for the restricted stock.

Unless otherwise provided in any Award Agreement, at such time as a participant ceases to be a director, officer or employee of, or to otherwise perform services for, the Company and its Subsidiaries due to death, Disability or Retirement during any period of restriction, all Shares of restricted stock granted to such participant on which the restrictions have not lapsed shall be immediately forfeited to the Company. If there is a Change in Control of the Company or similar event, the Committee may, in its discretion, provide for the lapsing of restrictions on a participant's Shares of restricted stock on such terms and conditions as it deems appropriate in such participant's Award Agreement. At such time as a participant ceases to be, or in the event a participant does not become, a director, officer or employee of, or otherwise perform services for, the Company or its Subsidiaries for any other reason, all Shares of restricted stock granted to such participant on which the restrictions have not lapsed shall be immediately forfeited to the Company. The provisions of Subsections 6(c) and (e) shall apply to Restricted Stock except to the extent that the Award Agreement in relation thereto expressly provides otherwise.

It is the Company's intent that Restricted Stock shall not be treated as a payment of deferred compensation for purposes of Section 409A of the Code and that any ambiguities in construction be interpreted in order to effectuate such intent.

9. Performance Awards.

Performance awards may be granted to participants at any time and from time to time as determined by the Committee. The Committee shall have complete discretion in determining the size and composition of performance awards granted to a participant. The period over which performance is to be measured (a "performance cycle") shall commence on the date specified by the Committee and shall end on the last day

of a fiscal year specified by the Committee. A performance award shall be paid no later than the fifteenth day of the third month following the completion of a performance cycle (or following the elapsed portion of the performance cycle, in the circumstances described in the last paragraph of this Section 9). Performance awards may include (i) specific dollar-value target awards (ii) performance units, the value of each such unit being determined by the Committee at the time of issuance, and/or (iii) performance Shares, the value of each such Share being equal to the Fair Market Value of a share of Common Stock. In any one calendar year, the Committee shall not grant to any one participant performance awards in excess of 10% of the total number of Shares authorized under the Plan pursuant to Section 4; provided, however, that the Committee shall be permitted to grant to Dr. Michael J. Hartnett up to 60% of the total number of Shares authorized under the plan at any time.

The value of each performance award may be fixed or it may be permitted to fluctuate based on a performance factor (e.g., return on equity) selected by the Committee. It is the Company's intent that no performance award be treated as the payment of deferred compensation for purposes of Section 409A of the Code and that any ambiguities in construction be interpreted in order to effectuate such intent.

The Committee shall establish performance goals and objectives for each performance cycle on the basis of such criteria and objectives as the Committee may select from time to time, including, without limitation, the performance of the participant, the Company, one or more of its Subsidiaries or divisions or any combination of the foregoing. During any performance cycle, the Committee shall have the authority to adjust the performance goals and objectives for such cycle for such reasons as it deems equitable.

The Committee shall determine the portion of each performance award that is earned by a participant on the basis of the Company's performance over the performance cycle in relation to the performance goals for such cycle. The earned portion of a performance award may be paid out in Shares, cash, Other Securities, or any combination thereof, as the Committee may determine.

A participant must be a director, officer or employee of, or otherwise perform services for, the Company or its Subsidiaries at the end of the performance cycle in order to be entitled to payment of a performance award issued in respect of such cycle; provided, however, that except as otherwise determined by the Committee, if a participant ceases to be a director, officer or employee of, or to otherwise perform services for, the Company and its Subsidiaries upon his or her death, Retirement, or Disability prior to the end of the performance cycle, the Committee may provide in a Grant that the participant may earn a proportionate portion of the performance award based upon the elapsed portion of the performance cycle and the Company's performance over that portion of such cycle.

10. Withholding Taxes.

a. Participant Election. Unless otherwise determined by the Committee, a participant may elect to deliver shares of Common Stock (or have the Company withhold shares acquired upon exercise of an option or SAR or deliverable upon grant or vesting of restricted stock, as the case may be) to satisfy, in whole or in part, the amount the Company is required to withhold for taxes in connection with the exercise of an option or SAR or the delivery of restricted stock upon grant or vesting, as the case may be. Such election must be made on or before the date the amount of tax to be withheld is determined. Once made, the election shall be irrevocable. The fair market value of the shares to be withheld or delivered will be the Fair Market Value as of the date the amount of tax to be withheld is determined. In the event a participant elects to deliver or have the Company withhold shares of Common

Stock pursuant to this Section 10(a), such delivery or withholding must be made subject to the conditions and pursuant to the procedures set forth in Section 6(b) with respect to the delivery or withholding of Common Stock in payment of the exercise price of options.

b. Company Requirement. The Company may require, as a condition to any Grant or exercise under the Plan or to the delivery of certificates for Shares issued hereunder, that the grantee make

provision for the payment to the Company, either pursuant to Section 10(a) or this Section 10(b), of federal, state or local taxes of any kind required by law to be withheld with respect to any Grant or delivery of Shares. The Company, to the extent permitted or required by law, shall have the right to deduct from any payment of any kind (including salary or bonus) otherwise due to a grantee, an amount equal to any federal, state or local taxes of any kind required by law to be withheld with respect to any grant or delivery of Shares under the Plan.

11. Written Agreement.

Each employee to whom a Grant is made under the Plan shall enter into an Award Agreement with the Company that shall contain such provisions consistent with the provisions of the Plan, as may be approved by the Committee.

12. Transferability.

Unless the Committee determines otherwise, no option, SAR, performance award or restricted stock granted under the Plan shall be transferable by a participant other than by will or the laws of descent and distribution; provided that, in the case of Shares of restricted stock granted under the Plan, such Shares of restricted stock shall be freely transferable following the time at which such restrictions shall have lapsed with respect to such Shares. Unless the Committee determines otherwise, an option, SAR or performance award may be exercised only by the optionee or grantee thereof; by his or her executor or administrator, the executor or administrator of the estate of any of the foregoing, or any person to whom the option, SAR or performance award is transferred by will or the laws of descent and distribution; or by his or her guardian or legal representative; or the guardian or legal representative of any of the foregoing; provided that Incentive Stock Options may be exercised by any guardian or legal representative only if permitted by the Code and any regulations thereunder. All provisions of this Plan and any Award Agreement referred to in Section 11 shall in any event continue to apply to any option, SAR, performance award or restricted stock granted under the Plan and transferred as permitted by this Section 12, and any transferee of any such option, SAR, performance award or restricted stock shall be bound by all provisions of this Plan and any agreement referred to in Section 11 as and to the same extent as the applicable original grantee.

13. Listing, Registration and Qualification.

If the Committee determines that the listing, registration or qualification upon any securities exchange or under any law of Shares subject to any option, SAR, performance award or restricted stock Grant is necessary or desirable as a condition of, or in connection with, the granting of same or the issue or purchase of Shares thereunder, no such option or SAR may be exercised in whole or in part, no such performance award may be paid out, and no Shares may be issued, unless such listing, registration or qualification is effected free of any conditions not acceptable to the Committee.

14. Transfer of Employee.

The transfer of an employee from the Company to a Subsidiary, from a Subsidiary to the Company, or from one Subsidiary to another shall not be considered a termination of employment; nor shall it be considered a termination of employment if an employee is placed on military or sick leave or such other leave of absence which is considered by the Committee as continuing intact the employment relationship.

15. Adjustments.

In the event of a reorganization, recapitalization, spin-off or other extraordinary distribution, stock split, stock dividend, combination of shares, merger, consolidation, distribution of assets, spin-off or other extraordinary distribution, or any other change in the corporate structure or shares of the Company, the Committee shall make such adjustment as it deems appropriate in the number and kind of Shares or other property available for issuance under the Plan (including, without limitation, the total number of Shares available for issuance under the Plan pursuant to Section 4), in the number and kind of options, SARs,

Shares or other property covered by Grants previously made under the Plan, and in the exercise price of outstanding options and SARs. Any such adjustment shall be final, conclusive and binding for all purposes of the Plan. In the event of any merger, consolidation or other reorganization in which the Company is not the surviving or continuing corporation or in which a Change in Control is to occur, all of the Company's obligations regarding options, SARs, performance awards, and restricted stock that were granted hereunder and that are outstanding on the date of such event shall, on such terms as may be approved by the Committee prior to such event, be (a) assumed by the surviving or continuing corporation; or (b) canceled in exchange for cash, securities of the acquiror or other property; provided that, in the case of clause (b), (i) such merger, consolidation, other reorganization or Change in Control constitutes a "change in ownership or control" of the Company or a "change in the ownership of a substantial portion" of the Company's assets within the meaning of Section 409A(a)(2)(A)(v) of the Code and the guidance issued thereunder or (ii) the payment of cash, securities or other property is not treated as a payment of "deferred compensation" under Section 409A of the Code.

Without limitation of the foregoing, in connection with any transaction described in of the last sentence of the preceding paragraph, the Committee may, in its discretion, (i) cancel any or all outstanding options under the Plan in consideration for payment to the holders thereof of an amount equal to the portion of the consideration that would have been payable to such holders pursuant to such transaction if their options had been fully exercised immediately prior to such transaction, less the aggregate exercise price that would have been payable therefor, or (ii) if the amount that would have been payable to the option holders pursuant to such transaction if their options had been fully exercised immediately prior thereto would be equal to or less than the aggregate exercise price that would have been payable therefor, cancel any or all such options for no consideration or payment of any kind. Payment of any amount payable pursuant to the preceding sentence may be made in cash or, in the event that the consideration to be received in such transaction includes securities or other property, in cash, securities of the acquiror or other property in the Committee's discretion.

16. Amendment and Termination of the Plan.

Except as otherwise provided in an Award Agreement, the Board of Directors, without approval of the stockholders, may amend or terminate the Plan, except that no amendment shall become effective without prior approval of the stockholders of the Company if stockholder approval would be required by applicable law or regulations, including if required for continued compliance with the performance-based compensation exception of Section 162(m) of the Code or any successor thereto, under the provisions of Section 409A of the Code or any successor thereto, under the provisions of Section 422 of the Code or any successor thereto, or by any listing requirement of the principal stock exchange on which the Common Stock is then listed.

17. Amendment or Substitution of Grants under the Plan.

The terms of any outstanding Grant under the Plan may be amended from time to time by the Committee in its discretion in any manner that it deems appropriate including, but not limited to, acceleration of the date of exercise of any Grant and/or payments thereunder or of the date of lapse of restrictions on Shares (but, in the case of a Grant that is or would be treated as “deferred compensation” for purposes of Section 409A of the Code, only to the extent permitted by guidance issued under Section 409A of the Code); provided that, except as otherwise provided in Section 16 or in an Award Agreement, no such amendment shall adversely affect in a material manner any right of a participant under the Grant without his or her written consent, and further provided that the Committee shall not reduce the exercise price of any options or SARs awarded under the Plan. The Committee may, in its discretion, permit holders of Grants under the Plan to surrender outstanding Grants in order to exercise or realize rights under other Grants, or in exchange for new Grants, or require holders of Grants to surrender outstanding Grants as a condition precedent to the receipt of new Grants under the Plan, but only if such

70

surrender, exercise, realization, exchange or Grant (a) is not treated as a payment of, and does not cause a Grant to be treated as, deferred compensation for the purposes of Section 409A of the Code or (b) is permitted under guidance issued pursuant to Section 409A of the Code.

18. Commencement Date; Termination Date.

The date of commencement of the Plan shall be August 9, 2005, subject to approval by the shareholders of the Company. If required by the Code, the Plan will also be subject to reapproval by the shareholders of the Company prior to August 9, 2010.

Unless previously terminated upon the adoption of a resolution of the Board terminating the Plan, the Plan shall terminate at the close of business on August 8, 2015. Subject to the provisions of an Award Agreement, which may be more restrictive, no termination of the Plan shall materially and adversely affect any of the rights or obligations of any person, without his or her written consent, under any Grant of options or other incentives theretofore granted under the Plan.

19. Severability.

Whenever possible, each provision of the Plan shall be interpreted in such manner as to be effective and valid under applicable law, but if any provision of the Plan is held to be prohibited by or invalid under applicable law, such provision shall be ineffective only to the extent of such prohibition or invalidity, without invalidating the remainder of the Plan.

20. Governing Law.

The Plan shall be governed by the corporate laws of the State of Delaware, without giving effect to any choice of law provisions that might otherwise refer construction or interpretation of the Plan to the substantive law of another jurisdiction.

21. Compliance Amendments.

Except as otherwise provided in an Award Agreement, notwithstanding any of the foregoing provisions of the Plan, and in addition to the powers of amendment set forth in Sections 16 and 17 hereof, the provisions hereof and the provisions of any award made hereunder may be amended unilaterally by the Company from time to time to the extent necessary (and only to the extent necessary) to prevent the implementation, application or existence (as the case may be) of any such provision from (i) requiring the inclusion of any compensation deferred pursuant to the provisions of the Plan (or an award thereunder) in a participant’s gross income pursuant to Section 409A of the Code, and the regulations issued thereunder from time to time and/or (ii) inadvertently causing any award hereunder to be treated as providing for the deferral of compensation pursuant to such Code section and regulations.
